PROFESSIONAL SOUND FROM EAR TO EAR.

The SE Sound Isolating™ Earphones from Shure provide a wide variety of different sound signatures: The Single Dynamic MicroDriver II of the SE115 delivers a resonant bass, the SE315 uses a Single High-Definition MicroDriver with Tuned BassPort for full range audio, the SE425 with Dual High-Definition MicroDrivers provides an accurate, balanced sound, and the SE535 offers a spacious sound with rich bass thanks to the Triple High-Definition MicroDrivers with dual woofers and single tweeter.

Ideal for professional monitoring and personal listening.
